

The News of Carbondale.

THE INDIANS ARE READY FOR THE PRAY

Carbondale's Representative Foot Ball Team Fixes Line-up and Will Be Johnny-on-the-Spot for Any Eleven Hereabouts—B. C. Guerin, of Lafayette, to Coach—The Games That Will Be Played.

The Carbondale Indians, who are expected to hold the relative position in the foot ball world that the Crescents still "Our Pets"—command in base ball circles in this district, are now thoroughly organized; their forces have been lined up, their war paint and feathers have been carefully put on, and their bronches are ready to mount to carry them to foot ball fields unconquered.

It is hoped to kindle interest anew in foot ball this season and in exploiting the sport the Indians will prove a good subject, for their gridiron prowess cut quite a figure in last year's doings among the pigskin elevators in this section. B. C. Guerin, who played the game at Princeton and has since kept in close touch with the sport, with all its changes and modifications, is the Indians' coach. The players place the greatest reliance on his knowledge of plays and his judgment and show a response that can be measured in good results when the game is on. The eleven is down to earnest work, and will meet for busy practice on Tuesday and Thursday afternoons.

The line-up has been decided upon as follows: Evan Williams, center; Eddie Gorman, right guard; Eddie McHale, right tackle; "Our Owny" McAndrew, right end; Gus Hansen and McGlynn, right half backs; "Red" Price, full back; Dan Hodgins, left half back; James McLean, left end; James Mason, left tackle; Bert Cogins, left guard; Albert Crane, quarter back; substitutes, Joe Hanson, McDonald, Kihlhuell, Loftus, Hyland, Hope, McKenna, Warren.

J. Russell Jones, manager, as hereafter: Albert Crane, center; Joe Hanson, assistant manager; Dan Hodgins, assistant captain.

Manager Jones is already in touch with some of the foot ball eleven managers hereabouts, and will have a good schedule of games for the season, one that will meet the approval of local enthusiasts, and which will make the melancholy days of the year more interesting and worth the living.

Among the teams with which games will be arranged are Stroudsburg State Normal School, Dunmore High School, St. Thomas College, Wyoming Seminary, Athens Athletic club, Binghamton School, Berwick Athletic Club, the All-Elmira team, Harry Hillman Academy, Wilkes-Barre, Hazleton and Honesdale—dear old Honesdale.

Archbold, where are you?

PRISONERS FROM HERE.

How Carbondale Convicts Are Faring in the Eastern Penitentiary.

A Carbondalian who returned home a few days ago from a visit to Philadelphia, had exceptional courtesies and privileges extended to him on a visit to the Eastern penitentiary, on Cherry Hill. By virtue of a letter from Mayor Ashbridge, of Philadelphia, received through an attorney, Carbondale, C. P. O'Connor, whose office in section council adjoins the mayor's, the usually hard and fast rules respecting visits with prisoners were relaxed. By reason of this, the Carbondalian alluded to was given the liberty of seeing and chatting with all the convicts from Carbondale in the penitentiary.

The most unfortunate is Kinney, the Simpson man who murderously shot down his wife on the Delaware and Hudson tracks north of here, three years ago last July. Kinney is in a bad way, physically. He is worn out from remorse over his deed, the keepers say, and is broken in health from the mental torture he is suffering. He has no specific ailment, but is broken down under the terrible strain. He is thin and pale from his confinement, and there is not much hope that he will serve much of his long sentence of twenty years.

James Nolan, from the South Side, who slew his father, while he was being unbriddled for drinking, is the opposite in looks and manner to Kinney. He has taken on considerable flesh and appeared to be in the best of spirits, as he inquired about the folks at home.

Winans Hall, Edwin Schoonover's slayer, was seen in his cell, asseverating to be used in weaving kitchen carpet. Winans was in an apparently contented frame of mind and expressed himself as being fully resigned to his lot. "Sometimes I feel lonely," said he, "but it's not often. It's much better here than I ever expected, and I've got only fourteen years to serve."

A TRUE SAYING.

"Most Men Dig Their Graves with Their Teeth."

The wrong kind of food fills more graves than any other cause. It is easy to retain good health, by the use of grape-nuts, and it is pleasant, too. The Rev. G. M. Lodge, of Iowa City, Iowa, made a successful experiment.

"I am 65 years of age and a preacher. Last winter I went to Kansas and had charge of two churches. A little use of Grape-Nuts food made me believe it to be a true health-giving builder; I wanted to experiment further with it, so I used Grape-Nuts for breakfast and supper for more than three months with the best results. I not only never had better health in my life, but never had so much energy. I was wonderful. I had become forgetful of names and persons and things, was often unable to recall even the names of old friends."

"After using Grape-Nuts for two weeks forgotten names came to me and as the days and weeks passed my memory was wonderfully quickened as to names and dates, and mental ability in general. I could preach without manuscript or notes, as never before, and in a month or less I said to myself, 'Grape-Nuts is a brain food,' and as such I now recommend it."

"It also gives health and blood, nerve and muscle. Cheerfully and earnestly I advise students, clergymen, teachers and all mental workers to use Grape-Nuts steadily and systematically if you wish to excel in mental and literary work, renew your age and feel well. It is the best nerve and brain food I have ever known."

STROKE OF PARALYSIS.

John Farrell, Aged Resident of Pike Street, Stricken and in a Precarious Condition.

John Farrell, of Pike street, an aged resident well known in the section in which he lives, is in a precarious condition, following an attack of paralysis, which prostrated him on Thursday evening.

Mr. Farrell was in his usual health and had just returned from an errand to a neighbor's house, and was hardly seated in his home when he was stricken. He has since been unconscious, with his face hanging in the balance. Dr. A. F. Gillis was summoned. The usual remedies were employed, but with a meagre result as usually follow in cases of such severity as this. Yesterday Dr. Wheeler was called in consultation. The result of the attack can only be awaited with hope.

Mr. Farrell was severely injured on the lower limb a few months ago. He was swinging an adze, chopping wood, when the broad, sharp blade glanced at striking his limb with force, causing an ugly wound, which had just about healed when the paralytic stroke came. The friends of Mr. Farrell will be pained to hear of his low condition.

DR. W. F. DIXON.

Young Physician from Pittston to Locate Here.

Dr. W. F. Dixon, brother of Rev. George A. Dixon, of St. Rose church, is about to become a Carbondalian. He has secured office apartments in the Churcho building, and will soon be located in the room recently occupied by Hon. James J. O'Neill.

Dr. Dixon is a graduate of the College of Physicians and Surgeons, Baltimore. He has just returned from Baltimore, where he was physician and surgeon at the Baltimore hospital. For the past two or three years, Dr. Dixon spent his vacations in New York city, where he was associated with the specialist, Dr. Hillis, acquiring a valuable experience. His coming here is greeted by the well-wishes of many friends who have known him for some time.

JAMES BOYLAN'S PURCHASE.

North Main Street Restaurant Buys the Blanchard Homestead.

An important real estate transfer took place yesterday, when James Boylan, of Boylan & Boylan, restaurateurs, became the owner of the Blanchard homestead on Seventh avenue, adjoining the expansive grounds of the John Murrin home.

The transfer was effected at the sheriff's sales of real estate in the auction room of the court house at Scranton yesterday. The purchase price, \$2,400, is regarded as a bargain. A proof of the value of the place is to be seen in the offer of \$3,000, which Mr. Boylan was tendered after the sale. The house, which has splendid surroundings, has the modern conveniences, is commodious and cheerful, and will make a most inviting home for Mr. Boylan and his family.

HAPPILY SURPRISED

A LEVELAND GIRL'S UNEXPECTED GOOD FORTUNE.

How She Was Made Happy After Weeks During Which Her Life Was Despaired of.

"I had lost hope and so had my family," said Miss Flora Hanna, of No. 349 Euclid avenue, Cleveland, Ohio. "Two years ago, when I was fifteen, I suffered from a severe attack of typhoid fever. For three weeks my life was despaired of and finally when the fever left me I was so weak that it was a month before I could sit up in a chair. My physical wreck, my blood was impoverished and I looked like a corpse. I had not the slightest inclination for food, in fact the thought of eating filled me with disgust. I was listless and tired. The tonics prescribed by my physician did not strengthen me. I had often heard of Dr. Williams' Pink Pills for Pale People and concluded I would give them a trial. At first the pills did not seem to do me much good and I became discouraged but determined to persevere, thinking they will do me no harm. But I was happily surprised, as I had scarcely finished taking the first box when I began to improve. I continued until I had taken five boxes. My strength gradually came back and my appetite returned and I was a well girl again. I am positively that it was Dr. Williams' Pink Pills which effected my complete restoration to health. I have recommended them to my friends and those who gave me a fair trial have always been satisfied with results. A persistent use of this remedy will ensure a good complexion, bright eyes and red lips. I know this from experience."

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, five cents a box or six boxes for two dollars and a half, by addressing Dr. Williams Medicine Co., Schenectady, N. Y.

dious and cheerful, and will make a most inviting home for Mr. Boylan and his family.

THE BON TONS.

They Open the Fall Social Season with a Social.

The Bon-Ton Social club, a recent notable addition to the town's pleasure organizations, formally opened the autumn social season with a dance in the Burke building, last evening. Collectedly it was the opening night of the dancing class which the club proposes to conduct weekly in the Burke building, under the direction of Prof. Collins.

The function was a happy beginning of the season, and the success of the night added to the reputation of the Bon-Tons as prime entertainers. A number of new dance music numbers were introduced by Prof. Collins, who was the efficient pianist. Fifty couples enjoyed the night's pleasure.

WARREN'S SWORD.

Another interesting relic in the fair is the sword carried by General Warren in the Revolutionary war, and an oil painting of the eighteenth century, each of which is an heirloom handed down in the Warren family of this section.

A gang who were doing a good business in a canvas speakeasy about a quarter of a mile from the fair grounds, were espied by Constable Knight, of Benton, but when he approached to apprehend them they loaded their goods into a wagon in quick time and went on a gallop toward Dalton.

LAST DAY OF COUNTY FAIR

TWO GOOD RACES WITNESSED AT WALLSVILLE.

The First Was Won by Thomas W. Owned by M. M. Sherwood of This City in Three Straight—Second Race Was a Free-for-all and the Prize Went to Miss Jennie, the Property of W. Meiers of Wilkes-Barre—Prizes Awarded.

From a Staff Correspondent. Wallsville, Pa., Sept. 19.—Two good races were witnessed by an audience of about 3,000 persons here today, the fourth and last day of the Matland fair.

The first race was won by Thomas W., owned by M. M. Sherwood, of Scranton, in three straight heats, with Maxey, owned by F. I. Lott, of Montrose, second. The fastest mile was 2:24.

The second race went to Miss Jennie, the property of William Meiers, of Wilkes-Barre, also in three straight heats, with L. A. Patterson's Wilkes-Medium, of Carbondale, second. Fastest mile, 2:19.

The management and fairgoers were disappointed at the non-arrival of the aeronaut, she having been delayed en route. This was the only feature advertised that did not take place.

The judges who had to select the best specimens of the many articles entered for premiums got through their tasks this morning. It required considerable time this year than usual to get through with this feature of the fair, the entries being so much greater in number. There were so many exhibitors that space will not permit the printing of the names of the prize winners.

George E. Stevenson, of Waverly, has a large booth fitted up with deerkins, deerskins, hides and pelts of many kinds, stag and elk horns, Indian and Mexican relics and other interesting souvenirs of his visits to the far West and Southwest. One of the articles that attracted attention is a pair of heads of black-tail deer, with antlers locked together. These were found in the Sacramento mountains in New Mexico. These two deer had been engaged in combat, their horns had become locked and they had died in that position.

A gang who were doing a good business in a canvas speakeasy about a quarter of a mile from the fair grounds, were espied by Constable Knight, of Benton, but when he approached to apprehend them they loaded their goods into a wagon in quick time and went on a gallop toward Dalton.

Edward Mason, the well known North Main street merchant, and Miss Amy Ditmore, an estimable young lady of North Main street, were united in marriage at Binghamton, N. Y., yesterday. The young couple had kept their intentions very quiet and only a few of their friends were let into the secret. Mr. and Mrs. Mason will enjoy a brief honeymoon and will probably return on Monday and will make their future home on Second street with Mr. Mason's mother.

Some heavy pieces of new machinery for the Electric Light company for use in connection with the new enclosed lamps arrived yesterday and were placed in their new sub station in the building formerly occupied by Squire Robinson.

Dress Trimmings Buttons and Buckles for Fall

It is not going to be a year of much pomp and glitter and splendor—but all of the new dress trimmings that have come are beautiful with a quiet, rich, subtle beauty that will linger long after the noise and dazzle of the Coronation months have died away. Fall dress-goods turned out to be uncommonly plain in color and weave—perhaps for that reason trimmings are more in demand than usual. At any rate, garnitures, braids and passementeries are necessary part of Fall gowns and wraps, to the minds of the great Paris makers, and the rest of the world bids fair to follow in the same idea-path. The right colors are black and white, though the peacock combination of blue and green is a favorite, and little touches of Oriental color have crept in, like tongues of flame, to light up many dark corners. Paris has sent us more than her usual share this Fall—year by year she slips further ahead in the art of making lovely garnitures. But besides the robes and appliques and passementeries from France, there are hosts of braids and braid trimmings from Switzerland; jets from Germany, and a brilliant array of fancy buttons and buckles from every country where they are best made. PENDANTS—Little drops hanging from an ornament are one of the newest things. They are very good in black. Chenille fringes are in the air—already on the gowns and wraps that Paris couturiers are fashioning. Velvet crops out everywhere, not in heavy masses, but in little delicate touches that are very effective. This year, for the first time, it has been introduced into appliques. Medallions and separable gimps that can be cut apart between any two figures are among the most practical as well as the most beautiful trimmings that have come. Spangles promise to be even more popular than last year, which is saying a good deal for them. They cover many of the most beautiful robes or unmade gowns in glittering profusion. CORDELIERS—Bits of fancy braid to be put on gowns in the style of frogs—are among the newest ideas, and some are very elaborate and very beautiful.

Blankets and Quilts The Annual Sale Still Lively.

Perhaps it's the coal scarcity. Maybe people think there will be few opportunities to get warm blankets and quilts at these September prices—which is right. It is certain, anyway, that bed clothing is going to new homes in enormous quantities. Heavier underwear is necessary these days—and we have ordered our full stock in earlier than usual—men's, women's, children's. Not the very heavy, but the medium weight—it's unwise to jump from gauze to heavy wool.
